

Dear Parents

Most Important for your Convenience

1. You are requested to deposit the Quarterly fee against transport if you are using the bus facility.
2. You **MUST** understand since using transport is not at all compulsory, as such if by choice you desire to use the transport, it's **NEVER** possible to pay for 15 days on the pretext that "my child fell sick" or didn't commute for 10 days etc etc.
3. Hope you are clear that it's on your request or payment that we engage a bus, its driver, its nanny and invest in it. Let's assume a few of you stop the facility, how do we manage? Like you look from your perspective we have our logistics as well.
4. A few parents have been handing over the transport charges in cash to the driver and nanny which is absolutely not allowed. Thus, the best and convenient arrangement is to pay for the quarter, in person or online.

Please Co-operate and understand

Thanks & Regards

Team BWS
