BHARATAM WORLD SCHOOL

Dear Mr ._____

It's quite disappointing to note that your ward _____ has been coming to school/attending classes and we have repeatedly been requesting you to clear the pending dues amounting to Rs. _____/- upto December 2021, but to no avail. Since you did not choose to respond or to come and meet, we are compelled to go for a suitable action as per the school norms. This is the last time you are being told to clear the pending dues positively by 12th of November failing which a strict action will be taken. You must be 100% clear that for this problem of your child, the responsibility will altogether be yours. We still NEVER wish to create any such fuss for our own students but then you have to realize your moral responsibility. Surprisingly, doesn't it bother you that your child has to be educated one way or the other and how is it possible without paying the fee!

**Regards
Team BWS**
